Product Name :
Alternative Fuels Engine Test Stand With Close Loop

Product Code :
LBNY-0005-18900010

Description :

The mechanics, dynamics and emissions are all under the control of the student. The data can be compared and trouble shooting procedures can be tested with ACTUAL results! Innovative designs makes the study of ALTERNATIVE fuels, biodiesel/LPG/CNG for heavy duty diesels a practical experience. Attached to dynamometers in the range of range, the training becomes a realistic experience.

Technical Specification :

Alternative Fuels Engine Test Stand With Close Loop
