**Product Name :**  
Mechanical Drives Wind Technology

**Product Code :**  
LBNY-0005-19300010

www.laboratoryinstrumentindia.com

**Description :**

Mechanical Drives Wind Technology course introduces mechanical systems and develops fundamental knowledge of mechanical systems and practices. Topics covered include learning how to select, install, adjust, troubleshoot, and repair a range of mechanical systems which are commonly found in both automated and manual machines used in every industry around the world. It will cover basic safety, installation, key fasteners, power transmission systems, spur gear drives, and multiple shaft drives.

**Features:**

Strong Depth and Breadth of Content  
Text and Audio  
Built for Self-Paced Learning  
Engaging Interactions  
Stunning 3D Animations.

**Technical Specification :**

Mechanical Drives Wind Technology

**Laboratory Instrument India**
