Product Name :
Mechanical Drives Wind Technology

Product Code :
LBNY-0005-19300010

www.laboratoryinstrumentindia.com

Description :

Mechanical Drives Wind Technology course introduces mechanical systems and develops fundamental knowledge of mechanical systems and practices. Topics covered include learning how to select, install, adjust, troubleshoot, and repair a range of mechanical systems which are commonly found in both automated and manual machines used in every industry around the world. It will cover basic safety, installation, key fasteners, power transmission systems, spur gear drives, and multiple shaft drives.

Features:

Strong Depth and Breadth of Content
Text and Audio
Built for Self-Paced Learning
Engaging Interactions
Stunning 3D Animations.

Technical Specification :

Mechanical Drives Wind Technology
