## **Product Name:**

Oven 420 Liters Forced Ventilation Digital Thermostat

Product Code:

# **Description:**

#### Main Features:

Forced ventilation airflow

Regulation of fan speed (0-100%)

Stainless steel chamber and trays with Silicone gasket

PID electronic regulator, double digital display.

High quality thermo insulation material

Double over heat protection system

Low power consumption

300°C maximum temperature

High temperature (uniformity ±2% and precision ±0.3°C) fully compliant with Standards

Air outlet control by valves operated manually

## **Technical Specification:**

Doors: n.2 Wattage: 6.2 kW

Power supply: 230V 50-60Hz 1ph (3ph for yy and zz)

Inside dimensions: 1000x500x620 mm Outside dimensions: 1200x930x1200 mm

Weight: 155 kg.
