Product Name :
Teardown Turbo shaft Engine

Product Code :
LBNY-0005-19900020

Description :

The Teardown Turbo is a very popular turbo shaft engine. The tear down engine is used for hands-on training for the dis-assembly and re-assembly of engine parts and sections. Its simple design makes it a valuable training aid. The students can also perform engine inspection. In conjunction with our Allison 250 engine cutaway, students can gain a thorough familiarization with engine construction, assembly, and operation.

Engine Features:

Six-Stage Axial Compressor
Compressor Turbine: 2 Stage Axial
Power Turbine: 2 Stage Axial with 5.8:1 reduction gear
Centrifugal Impeller
Combustion Chamber: Single Can with Single Burner
Layout: Twin Spool Turbo shaft with combined accessory and output gearbox.

Technical Specification :

Teardown Turbo shaft Engine
