**Product Name :**  
Control Device with DC Power Supply

**Product Code :**  
LBNY-0002-610014

**Description :**

Control Device with DC Power Supply

**Technical Specification :**

Modules and other applications offers even more power in an even smaller space. Each performance variant has been narrowed by a modular width of 18 mm. At the same time, the new Power family also offers a host of additional functionalities, such as flexible mounting, a current monitor, improved energy efficiency and an extended temperature range.

Control Device with DC Power Supply, Control Device with DC Power Supply Equipments, Control Device with DC Power Supply Tools, Control Device with DC Power Supply Tool Kits, Control Device with DC Power Supply Manufacturers, Control Device with DC Power Supply Suppliers from India, China, Kenya
