Product Name :
Remote Temperature Monitoring (RTM) System 1xRef

Product Code :
LBNY-0006-210008

Description :

Remote Temperature Monitoring (RTM) system for real time monitoring of storage conditions at different levels of the vaccine cold chain: (a) with data access, setup of alarm thresholds and setup of alarm recipients through internet accessible dashboard (b) with automatic transmission of data to a server (c) with integrated audio-visual alarm (d) capable of alarm notifications via SMS, email and/or iOS & Android mobile applications (e) configurable to suit specific applications and scalable to allow for the later installation of additional temperature monitoring products and/or storage facilities.

Technical Specification :

Remote Temperature Monitoring (RTM) System 1xRef
