Product Name : Product Code : Box metal, lockable, for storage EuXY-0010-2100019 Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: State in the storage Image: S		
Box, metal, lockable, for storage LBNY-0010-2100019 Image: Comparison of the storage Image: Comparison of the storage Description : Image: Comparison of the storage Metal Box: Made of high density, durable lightweight aluminum. Robust, lockable, stackable. Water proof, dustproof ar impact resistant. Withstand incredible abuse and extremely harsh environments without chipping, denting, or losing their fini Code Padlocks, set of 2, 2 sets are provided with the box: The padlock consists of shackle, a dial, locking parts, and means for combination changing and combination scrambling when locked. Locks are fixed inside the cover of the box. Material, recycled aluminum, thickness 1mm. Internal dimensions: 764x574x220mm External dimensions: 780x590x245mm 2 Strap for cover nylon 2 Locking front side lock for code padlocks. Technical Specification :	Ĺį	Email : sales@laboratoryinstrumentindia.con
Description : Metal Box: Vlade of high density, durable lightweight aluminum. Robust, lockable, stackable. Water proof, dustproof ar mpact resistant. Withstand incredible abuse and extremely harsh environments without chipping, denting, or losing their fini Code Padlocks, set of 2, 2 sets are provided with the box: Che padlock consists of shackle, a dial, locking parts, and means for combination changing and combination scrambling when locked. Locks are fixed inside the cover of the box. Material, recycled aluminum, thickness 1mm. nternal dimensions: 764x574x220mm External dimensions: 790x590x245mm 2 Strap for cover nylon 2 Locking front side lock for code padlocks.		
Metal Box: Made of high density, durable lightweight aluminum. Robust, lockable, stackable. Water proof, dustproof ar mpact resistant. Withstand incredible abuse and extremely harsh environments without chipping, denting, or losing their fini Code Padlocks, set of 2, 2 sets are provided with the box: The padlock consists of shackle, a dial, locking parts, and means for combination changing and combination scrambling when locked. Locks are fixed inside the cover of the box. Material, recycled aluminum, thickness 1mm.
