Product Name :

School-in-a-bag kit, 40 student, 1 teacher

Product Code :

LBNY-0011-210004

www.laboratoryinstrumentindia.com

Description :

This is a new kit and has been designed for the early stages of an emergency when resources are limited. It is assumed that the kit is a starter-kit in the period before the larger, longer term supplies reach the required areas. The kit has been designed so that there are sufficient supplies for 40 children and 1 Teacher (that are easy to transport and distribute) to establish a learning space and to enable learning activities to commence. School-in-a-Bag kit for 40 students and 1 teacher.

Technical Specification :

School-in-a-Bag kit for 40 students and 1 teacher with 18 components - 8 for teachers and 10 for students, packed in a sturdy tri-walled carton.
