Product Name :
Leveler Water Balance

Product Code :
LBNY-0004-820032

Description :

Leveler Water Balance

Technical Specification :

Leveler (Water Balance)

Readability - Multifunction level ruler allows for 3 measuring ways. With clear and intuitive green acrylic vials, read it at plumb level, or 45 degrees with ease. Made with heavy-duty aluminum alloy frame, it's built for the long-term.

Ultimate Quality - A leveler tool protected with TPR soft rubber, which prevents shock upon impact, consistent and reliable. The magnetic ruler's orange powder-coated body has high visibility accents, so spot at a glance, even on the job.

Inevitably Convenient - Great use with other measuring tools. This 2 foot, torpedo laser level magnetic, is crafted with precision. The magnetic side attaches to any iron surface for hands-free operation. Light-weight and compact, use with ease.

Versatile Leveler Tool - Ideal for use in measurement of decoration, home furnishings, locations on a wall, space between hangers. Carpenters and professionals will find this aluminum torpedo level a great addition to their tool box.

Material: aluminum alloy +TPR +ABS+solvent oil

Size: 12 * 1.9 * 0.9inch(301 * 49 * 23mm)

Measuring method: horizontal /vertical / 45o

Measurment accuracy: 0.039in/39in(1mm / 1M)

A precise reading range: -4oF*122oF (20oC *50oc)
