Product Name :
Steel Ruler

Product Code :
LBNY-0004-820037

Description :

Steel Ruler

Technical Specification :

Steel Ruler

3 Different measurement range ruler: marked measuring length is 15 inch, 12 inch, and 6 inch, suitable for different measuring jobs.

Non-bendable steel ruler: office ruler is made of durable stainless steel non-bendable but a little flexible, good for long lasting use; The markings are recessed a bit into the metal, so they will not rub off over time.

Conversion table for quick calculate: there is a conversion table on the back to help you calculate the measurements in other units; Measurement markings begin at the edge of the rule, convenient to use.

Universal ruler with hole: the surface of the rulers are smooth with no burr; One end is square, the other is rounded with a hole to make it easy for hanging.

Material: stainless steel

Thickness: 0.035 inch/ 0.9 mm

Package includes;

1 x Stainless steel ruler (15 inch)

1 x Stainless steel ruler (12 inch)

1 x Stainless steel ruler (6 inch)
