Product Name :

Welding suit PVC - Full Body Heavy duty Washers Dry Suit

Product Code :

LBNY-0002-830008

Description :

Welding suit PVC - Full Body Heavy duty Washers Dry Suit

Technical Specification :

Welding suit (PVC - Full Body Heavy duty Washers Dry Suit).

Material: Aluminized heat resistant fire proof cloth; Heat-resistance temperature up to 1000 degree centigrade, the damaged length is less than 100 mm when burning

Heat radiation resistance: under heat radiation of 10kw/m², about 30 seconds, the inside surface temperature rise no more than 25°C

Function: Clothing protects workers in high-heat areas. They also prevent the rapid buildup of body heat. Fabrics are treated with aluminum finish reflecting the radiant heat. Its rayon substrate is permanently flame retardant for consistent performance through many wearings. Effectively prevent fire.
