Product Name :
Helical Spring Group

Product Code :
LBNY-0004-10100072

Description :

The product is composed of 0.5N, 1N, 2N, 3N, 5N of different specifications of spring supporting group Spring mechanical properties are not less than 70# II group of spring steel wire, wire diameter is not less than 1.2mm.

Technical Specification :

Helical Spring Group

Laboratory Instrument India
