Product Name :
Physical Support

Product Code :
LBNY-0004-10100093

Description :

The product is mainly composed of the following parts: in the middle of two V-shaped base is connected with a metal rod, 2 pcs vertical rod, 2 pcs bosshead, a flask holder, a universal clamp, table clamp, a hoop, circular tray, 4 pcs hook roll, a hook rod, an insulating rod. The product for physics teaching can be assembled into a universal bracket, vertical, parallel, hanging, clamping, placing various experimental support.

Technical Specification :

Physical Support

Laboratory Instrument India
