

Email : sales@laboratoryinstrumentindia.com

Product Name :
Semiconductor Laser Light Source

Product Code :
LBNY-0004-101000190

Description :

It is composed of laser generator, fixed mount, extender lens, magnet and tripod. It consists of semiconductor light-emitting devices, electronic circuit and lens, it emits 630nm-680nm red laser and is good light source to study geometrical optics in physics.

Technical Specification :

Semiconductor Laser Light Source

Laboratory Instrument India
