Product Name :
Wave Synthesis Demonstrator

Product Code :
LBNY-0004-101000201

Description :

It uses integrated circuit control and displays waveform with LED. Student can see directly the synthesis of two waves with in-phase, same frequency and different amplitude, as well as, it can demonstrate the synthesis of special form (two reverse waves) of standing wave.

Technical Specification :

Dimension (L*W*H CM): 50.3*33*6.7
