Product Name :
Centripetal Force Experimental Apparatus

Product Code :
LBNY-0004-101000329

Description :

Quality measured and centripetal force calculated by making circular motion at the uniform velocity in a horizontal plane, and compared with same tension measured by spring balance, that the formula is verified. It is used to verify centripetal force formula.

Technical Specification :

Dimension (L*W*H CM): 14*10.7*1.7
