

Email : sales@laboratoryinstrumentindia.com

Product Name :
Clean Energy

Product Code :
LBNY-0006-10100013

Description :

The product is mainly used for the purpose of exploring the characteristics of the new energy, to cultivate students' ability to understand and use of new energy sources is conducive to environmental protection, mainly explore and use of hydrogen energy, solar energy, wind energy.

Technical Specification :

Clean Energy

Laboratory Instrument India
