Product Name :
Magnetic Phenomenon

Product Code :
LBNY-0006-10100021

Description :

This instrument is mainly used for the nature of the magnet, the magnet structure, composed of the electromagnet, the electromagnet magnetic and what factors, and the application of magnetic phenomena, the relationship between principle and magnetic compass, the interaction on magnetic two magnets on the car through a maze.

Technical Specification :

Magnetic Phenomenon

Laboratory Instrument India
