**Product Name :**  
Inclined Plane

**Product Code :**  
LBNY-0006-10100047

**Description :**

The rotating inclined surface linked with horizontal surface can be adjusted, folded.  
The metal supporting rod behind the inclined surface can support the surface when the angle is adjusted.  
It consists of inclined surface(200\*120\*13mm) and horizontal surface(500\*120\*13mm).

**Technical Specification :**

Inclined Plane
