**Product Name :**  
Laser Pen

**Product Code :**  
LBNY-0006-10100053

**Description :**

Wavelength: 630nm, the illumination distance is greater than 50m, with spare battery.  
One side can write and the other side is a miniature semiconductor laser emitter emitting red light.

**Technical Specification :**

Laser Pen

**Laboratory Instrument India**
