**Product Name :**  
Sliding Rheostat

**Product Code :**  
LBNY-00012-10100038

**Description :**

The specifications are 10? 5.6A?333? 0.95 A?180? 2A 333?1.5 A. Sliding rheostat, corrosion protection, rust proof and robust, surface mesh protection can be achieved by transient high current.

**Technical Specification :**

Sliding Rheostat

**Laboratory Instrument India**
