Product Name :
Handheld LCR Meter

Product Code :
LBNY-0002-620018

Description :

Handheld LCR Meter

Technical Specification :

26-segment analog bar graph; Series/parallel mode (selectable).
Open/short circuit calibration compensation & Smart selection mode for fast selection of components.
5 frequency tests selectable (100Hz/120Hz/1kHz/10kHz/100kHz).
Mini-USB transmission to PC.
Loss factor (D), quality factor (Q), phase angle (?), equivalent series resistance (ESR), equivalent parallel resistance (EPR) and DCR DC resistance measurements.
Inductance (H): 20uH?2000H
Capacitance (F): 200pF?20mF
Resistance (?): 20??200M?
