Product Name :
Boot Covers with Ankle Ties

Product Code :
LBNY-00017-11000194

Description :

High top boot covers fit over the calf with an elastic top to provide a comfortable fit to prevent the boot cover from sliding down

With ankle ties to secure the boot

Proprietary Micro breathe material is used for the upper portion of the boot cover

Micro breathe is a soft, strong, and flexible material with a high vapor transmission rate for all day comfort
It also provides excellent barrier protection and particle holdout and is the preferred choice for Controlled Environments

High-top boot covers feature soft, strong, and flexible Micro breathe material with a high vapor transmission rate for all day comfort.

Sole material is also clean, durable and strong enough to stand up to even the most abrasive floor surfaces

High performance anti-skid sole with serged seams.
