Product Name :
PVC Cleanroom Chemical Aprons with Long Sleeves

Product Code :
LBNY-00017-11000217

Description :

Heavy-duty, 6 mil thick chemical-resistant aprons are made of PVC
Designed to protect against acids, alcohol, oils, grease, fats, and a variety of chemicals
Liquid-resistant, abrasion-resistant, and puncture-resistant to withstand tough work environments
Heavy-duty PVC aprons features long sleeves with tunnelized elastic wrists for protection against liquid splash, sprays, and non-hazardous dry particulates.
Long sleeves with tunnelized elastic cuffs to protect the arms from splashes and sprays and to also increase particle containment
Cleanroom-ready aprons are clean-processed and individually bagged
Protect against liquid splash, sprays, and non-hazardous dry particulates
Loop over the head and nylon ties on the back
Offer full protection of the front of the body from the chest to the knees or below
Applications include semi-conductor, cleanroom, pharmaceutical, chemical processing, petrochemicals, sanitation work
Edges are ultrasonically welded to reduce linting and release of unwanted particulates
Latex-free elastic.
