Product Name :
Womens FR/CP Lab Coat

Product Code :
LBNY-00017-11000223

Description :

Provides dual hazard protection with flame resistance and chemical protection. FR FR/CP Lab Coats are lightweight, breathable, and comfortable to wear. They employ IIIA fabric to prevent ignition and Shield CXP to repel small amounts of liquid chemicals.

Concealed snap front closure

Splash-resistant side pass-through for easy inner pocket access

Pockets include one double-stitched chest pocket and two large double-stitched lower front pockets with snap flaps

IIIA fabric prevents clothing ignition during short-duration thermal incidents and emergency exposure to flame

Shield CXP repels small amounts of liquid chemicals that are either dropped or splashed on the fabric

Black lay-down collar

Available in a variety of sizes

Includes a waistband in the back for a more tailored fit.

Kit cuffs are fire resistant but do not provide chemical protection - these are typically covered by gloves.

Technical Specification :
