**Product Name :**  
125 Coveralls

**Product Code :**  
LBNY-00017-11000344

**Description :**

Useful when handling many wet and dry chemicals, and certain hazardous materials such as PCBs  
Taped-Seamed models are sewn and taped to provide chemical resistance against heavy liquid splashes and tough seam stress  
Bound-Seamed models are tightly sewn with a reinforced outer binding to increase strength and particle barrier  
Effective protection against a range of chemicals. Excellent for waste management, PCB clean-up, hazardous response, and nuclear environments.  
Laydown collar  
Elastic wrists  
Front zipper closure  
Storm flap with tape closure  
Elastic ankles.
