Product Name :
Coveralls with Hood

Product Code :
LBNY-00017-11000354

Description :

Designed for protection from particulates and light, non-flammable liquid splashes.

Protection: Flame retardant and anti-static SMMS nonwoven provides a good barrier to particulates and low hazard liquid splashes

Comfort: Air and water vapor permeable ("breathable") to help reduce the risk of heat stress

Coveralls with Hood are made of highly breathable, flame retardant and anti-static SMMS. They are perfect for work in utilities, industrial cleaning, general maintenance, and the petrochemical industry.

Optimized body fit: Ensures full freedom of movement when worn over heat and flame protective clothing.

Technical Specification :

Coveralls with Hood
