Product Name :
Coverall with Standard Fit Hood, Elastic Wrist and Ankles

Product Code :
LBNY-00017-11000431

Description :

Applications

Chemical handling, petro-chemical, hazardous materials/waste clean-up, fire departments, industrial hazmat teams, utilities and domestic preparedness.

Taped seams provide strong chemical resistance against heavy liquid splashes

CPF3 fabric is composed of a multi-layer film barrier laminated to a durable 2.0 oz/yd² polypropylene substrate. It is strong and durable for rigorous activities and rugged situations involving liquid splash and provides barrier to a broad range of chemicals.

Storm flap covers zipper which can be sealed by wearer with adhesive strip to prevent intrusion at zipper

Elastic opening for tighter fit at wrist and ankle

A sewn seam is covered with a strip of compatible chemical-resistant material through heat sealing.

Coverall with standard fit hood and taped seam

Strong zipper for tough, flexible closure

Commonly used in domestic preparedness for situations where potential to exposure to chemicals exist.

Technical Specification :

Coverall with Standard Fit Hood, Elastic Wrist and Ankles
