Product Name: Density Bottle

Product Code :

Description:

Density Bottle

Technical Specification:

Relative density, or specific gravity, is the ratio of the density (mass of a unit volume) of a substance to the density of a given reference material.

Specific gravity usually means relative density with respect to water.

The term "relative density" is often preferred in scientific usage.

It is defined as a ratio of density of particular substance with that of water.

Material: Glass

Capacity: 25mls and 50mls.
