Product Name :
Aqua Trak Max Grip Boot Covers

Product Code :
LBNY-00017-11000553

Description :

Strong enough to stand up to the most abrasive floor surfaces
Boot-cover material is soft, strong and flexible low-particulate count fabric
Aqua Trak advanced material with anti-skid soles were specifically developed to outperform the market in wet conditions. Two designs to choose from include elastic top and ankle, and attached ties at ankle for secure fit. Comfortable elastic top prevents boot cover from sliding down.
Fluid-impervious material provides appropriate particle holdout.

Technical Specification :

Aqua Trak Max Grip Boot Covers
