Product Name :

3M Hooded Protective Coveralls, Elastic Wrist and Ankles

Product Code :

LBNY-00017-11000588

Description :

Coveralls provide light duty protection against infective agents, certain hazardous dusts, and limited liquid splashes. PE laminate material includes micropores that allow heat and moisture to evaporate from the skin and out through the suit for a lightweight and comfortable fit.

Made of a soft lightweight non-woven with microporous laminate for splash protection, strength and breathability
Protection against Type 5/6 hazardous dusts and limited liquid splashes

Type 5/6 Coverall designed to offer cost effective protection against hazardous dusts and limited liquid splashes

2 panel hood design, 2-way zip with storm flap, elasticated apertures reduce the risk of skin exposure

Anti-static coating reduces static discharge and the risk of sparks.

Technical Specification :

3M Hooded Protective Coveralls, Elastic Wrist and Ankles
