**Product Name :**  
Two-Tone Hi-Vis Class 3 Surveyor Vest

**Product Code :**  
LBNY-00017-11000746

**Description :**

Surveyor Vest is loaded with six pockets and built with durable, yet breathable ANSI/ISEA compliant polyester mesh for maximum visibility in both daylight and nighttime conditions  
Ideal for flaggers, airport baggage, handlers and ground crew, road construction workers, forestry workers, high-volume parking attendants, toll-gate personnel, utility workers, shipyards, municipalities and anywhere high visibility clothing and apparel is necessary.  
Two additional exterior pockets on the chest - one dual layer upper left flap top cellphone and clear ID badge holder, and one dual layer upper right pocket with four pen compartments and open top pocket  
Two interior pockets in the lower front with hook and loop closures for field books, tape, pencils, cell phones, etc.  
High visibility vest  
Six strategically placed pockets  
Two large exterior flap top pockets are on the lower-front and are designed to carry tools like gloves, tablets, notebooks.  
Zipper closure and 2 in. ANSI-compliant reflective tape with a 3.5 in. contrasting background.  
Polyester fabric is durable, providing resistance to tough working conditions while supporting extra weight in cargo pockets, even when worn every day  
Includes dual mic tabs which can also be used to hold safety glasses/sunglasses  
Reflective trim outlines the whole vest for enhanced visibility.
