Product Name :

International Enviroguard Polypropylene Shoe Covers

Product Code :

LBNY-00017-11000761

Description :

Polypropylene Shoe Covers offer economical shoe protection for various work environment applications.

Low-cost protection against dust, dirt, grime, and other dry particulates

Available in standard and anti-skid options

Anti-skid soles provide better traction to help avoid accidental slips

These blue polypropylene shoe covers protect against dirt, grime, dust, and other particulates in non-hazardous environments. Anti-skid soles provide better traction to keep you on your feet and avoid accidental slips. The breathable, lightweight fabric helps keep feet cool and comfortable as you work long hours.

Possible applications include food processing, pharmaceuticals, environmental cleanup, contract work, moving services, and more.

Technical Specification :

International Enviroguard Polypropylene Shoe Covers
