Product Name :
Super Heavy Duty Shoe Covers

Product Code :
LBNY-00017-11000763

Description :

Water resistant shoe covers feature a strong elastic closure to help protect shoes from liquids and debris. Ideal for a variety of tough environments that require heavy duty protection.

Water-resistant and come with a strong elastic closure

One size fits most; fits up to a men's size 12 1/2 shoe

Can be worn in indoor and outdoor environments

CPE, disposable white shoe covers help protect shoes and surrounding environments from dust, dirt, grime, and liquids.

They're more durable than polypropylene, so you're protected in tough environments. Whether you're in a cleanroom, a hospital, or working at a commercial site, these durable shoe covers help protect against chemicals, dirt, dust, liquid splash, non-hazardous particulates, and even shallow immersion.

Possible applications include healthcare, controlled environments, food processing, pharmaceuticals, construction, realtors, movers, contract work, and more.

Technical Specification :

Super Heavy Duty Shoe Covers
