Solar Training Set (Sun Tracking)

**Product Code :**  
LBNY-0002-620027

**Description :**

Solar Training Set (Sun Tracking)

**Technical Specification :**

A source of renewable energy solar energy is becoming very popular. When sun rays fall on Photovoltaic panel, Panel converts it in to electrical energy. As per basic principles of solar photovoltaic cells maximum electrical energy is generated when rays collide panel in perpendicular direction.

If we mount solar panel at single angle & position we will be unable to utilize 100% solar energy.
