Product Name :
Protective Wear Controlled Environment ESD Grid Frock

Product Code :
LBNY-00017-11000888

Description :

Made with durable ESD Grid Fabric
Frock constructed of durable ESD Grid Fabric for use in less critical cleanroom applications.
For micro-electronics and semi-conductor manufacturing
All seams are laser cut or pre-serged, silicon-free thread
Garments have a mandarin collar with two snaps at top, a wide-pull zipper, and a single snap below at bottom
Engineered for electrostatic dissipation with a 2% carbon grid, and also feature knit cuffs with 6% carbon Belltron fiber
Applications include micro-electronics and semi-conductor manufacturing
Zippered, durable, and reusable
Assembled with double-needle felled seams for added durability and particle migration prevention
All seams are laser-cut or pre-serged, and thread is silicon-free.

Technical Specification :

Protective Wear Controlled Environment ESD Grid Frock
