Product Name :
Thermal High Visibility Jacket with Type R Class 2
Removable Sleeves

Product Code :
LBNY-00017-11001010

www.laboratoryinstrumentindia.com

Description :

Type R Class 2 Thermal High Visibility Jacket with Removable Sleeves can be worn three different ways for ultimate adaptability.

Insulation in the sleeves keeps you warm without the extra bulk

2 in. ANSI-compliant reflective material for night-time conspicuity

Two external front pockets for stashing gear, 2 mic tabs and a clear ID badge holder

Wear on its own as a warm, high-visibility jacket

Remove the zip-off sleeves on warmer days to wear it as a hi-vis vest

For cold-weather work, this safety reflective jacket can be zipped into the 8386 Outer Shell Hi-Vis Safety Jacket to create a polyester outer shell and PU coating resists wind and water to keep you dry while still being breathable for comfort

100 g Insulation in the body and 80 g

#5 zippers for snag-free use

Machine washable.
