Product Name :
Wind and Solar Trainer

Product Code :
LBNY-0006-2130002

Description :

Wind and Solar Trainer, Renewable Training Equipment

Technical Specification :

This training system simulate demo wind and solar generate electricity process, enable students to learn wind and solar generate electricity. Wind driven generator is driven by fan, solar energy panel is driven by high work power metal halide. This trainer cultivate students hand on ability, it's suitable for engineering university, training institute, technical schools.
